## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Office of Administration - Division of Design and Construction** assume the proposed legislation would have no fiscal impact on their agency.

In response to similar legislation (SB 568), officials from the **Office of Administration - Division of Facilities Management** assume the proposed legislation would have no fiscal impact on their agency.

Officials from the **Department of Natural Resources** (DNR) noted that this bill would authorize a land trade between the DNR - Division of State Parks and the City of Lexington. Both properties have been appraised and are of approximate equal value. The DNR is conveying to the city approximately 16.3 acres of undeveloped land on the Missouri River that is currently administered by the Battle of Lexington State Historic Site. The city is conveying to the DNR approximately two city blocks of undeveloped land near the main historic site.

Officials from the DNR assume this proposal would have no direct fiscal impact on their department.

Officials from the **Office of Attorney General** assume costs related to this proposal could be absorbed using existing resources.
